

# Download And They Thought It Only Science Fiction

Part of a series on: Feminism; Movement for gender equality. Women • Girls • Mothers • Femininity Science fiction will sometimes address the topic of religion. Often religious themes are used to convey a broader message, but others confront the subject head-on—contemplating, for example, how attitudes towards faith might shift in the wake of ever-advancing technological progress, or offering creative scientific explanations for the ...The Dalai Lama of the near future, a Harvard-educated woman named Sattva, is one of the main characters of Goonan's *The Bones of Time*. This annotated bibliography list, a subset derived from the Adherents.com Religion in Literature database, is intended as a resource for literary research. Thirdly, and perhaps most importantly, science fiction is the only genre that depicts how society could function differently. This is the first step towards progress as it allows us to imagine the future we want, and consider ways to work towards it., And They Thought It Only Science Fiction.
