An octant, also called "reflecting quadrant", is a measuring instrument used primarily in navigation. It is a type of reflecting instrument that uses mirrors to reflect the path of light to the observer and, in doing so, doubles the angle measured. The United States presidential election of 1900 was the 29th quadrennial presidential election, held on Tuesday, November 6, 1900. In a re-match of the 1896 race, Republican President William McKinley defeated his Democratic challenger, William Jennings Bryan. Filter the company name below. Begin your search in the simplest terms. For example, enter "Arkansas" instead of Arkansas Valley Electric. After the filter process is complete, please use the drop down box Age Discrimination in Employment Act: HR Guide to Internet Resources from HR-Guide.Com BY Donald J. Spero, Esq. Purpose and Coverage of the ADEA, Hazen Paper Company V. United States.
