

Download Diabetes Perspectives On Diseases Disorders

A total of 422 million adults worldwide were living with diabetes in 2014, which was four times more than in 1980 . Diabetes imposes a heavy economic burden on both the global healthcare system and wider global economy. Who we are. Novo Nordisk is a global healthcare company with more than 95 years of innovation and leadership in diabetes care. This heritage has given us experience and capabilities that also enable us to help people defeat obesity, haemophilia, growth disorders and other serious chronic diseases. People with Type 1 diabetes, an autoimmune disease, are more likely to have a co-occurring autoimmune disorder. An autoimmune disease means that your immune system sees your body's own tissue as foreign invaders and attacks itself. Nutritional disease, any of the nutrient-related diseases and conditions that cause illness in humans. They may include deficiencies or excesses in the diet, obesity and eating disorders, and chronic diseases such as cardiovascular disease, hypertension, cancer, and diabetes mellitus., Diabetes Perspectives On Diseases Disorders.
